Why you should opt for Membership

About NASSCOM

Membership Criteria

REGULAR/ASSOCIATE

If you are a company registered in India and are focused on providing IT-BPM products and services, you are eligible to join nasscom in one of the following categories:

Regular Members: IT-BPM organisations registered in India with annual revenues from IT-BPM operations exceeding Rs 2 Crore

Associate Members: Startup IT-BPM organisations registered in India with annual revenues from IT-BPM not exceeding Rs 2 crore.

If you are a company that provides solutions to ITBPM companies you can join nasscom membership in the following category:

Institutional Members: Firms providing support / affiliated services to ITBPM organisations (for instance, Financial Institutions, Venture Capital Firms, Research Institutions, Infrastructure Providers, Real Estate, and Managements Consultants).

Membership Fee

Annual Subscription Fee

The fee for **regular** members is based on gross IT-BPM revenues of the previous financial year (See Table below). For start-ups, the annual subscription would be based on the estimated projected turnover of the current financial year.

Member's Speak

Nasscom has played a key role in crafting InfoBeans journey. Being a member we got benefited with the mentoring sessions that guided us to overcome the challenges a SME would face. The support from nasscom team to get all the IT players and government authorities on one platform to get the Crystal IT park operational was phenomenal. Not to forget the round tables hosted every quarter by nasscom for its members to share best practices and the monthly newsletter which keep us apprise with the key developments and happenings. Thanks to nasscom for creating amazing knowledge sharing and networking platform for its members in central India.

Apt Software Avenues

Congruent Solutions has been a member of nasscom for the past several years. For us, nasscom has provided us a platform to interact with the industry peers and get tremendous insights from others' experiences. nasscom has also provided a great forum for our people to take part in their own growth and knowledge enhancement by attending a whole series of seminars and conferences in different areas of technology, process orientation, Meri har product development, HR and infrastructure. It also remains the single biggest source of credible information for us with respect to Government policies and there have been instances where nasscom has helped us with sorting out issues with agencies of the Government.

Balaraman Jayaraman
